

JOIN US IN SUCCESS!

The Oswego Area Chamber of Commerce works hard each year to raise money to keep the cost of chamber membership down, to increase the benefits of chamber membership to all members—and to offer more opportunities for you to promote your business to the community.

Our last major fundraiser of the year continues to be our successful FraidyCat race series. The 13th annual races will be held on Oct 29, 2023. Edward-Elmhurst Health graciously continues to be our Title Sponsor.

In this brochure you will find the different levels of available sponsorship. The success of this event depends on your support and participation. We continue to draw runners from up and down the Fox Valley area as well as from Wisconsin and northern Chicagoland. This year we expect even more participants, friends and supporters to attend. We will continue to aggressively market this event to give you maximum exposure.

The sponsorship deadline is Oct. 1, 2023, and all sponsorships **must be paid** by that date to be included on shirts. The sooner you sponsor, the greater your exposure!

***Sponsors must supply their logo for website—and must supply their own banner, which will be hung at or near the race only if it is delivered to the Chamber office on or before Oct. 10, 2023. Sponsors are also responsible for supplying enough gear bag materials for all race entrants. Plan on at least 700 runners, but you will receive an e-mail in late September or early October if the number changes dramatically.**

All sponsors will receive recognition in the race day program, in e-mails to participants and all press releases for the event—and race day recognition.
